

TAKING LOSSES

We know that many of our customers, especially in the country are taking heavy losses this year, and we can assure them that we are taking ours along with them. Wherever we have been rather heavily stocked we have not hesitated to plunge the pruning knife into prices and bring them in line with costs that prevail in the primary markets. We believe that not only is it the right thing to do, but the wise thing also, having in mind our future (earthly) welfare.

A news item of special interest this week is that in our Millinery Department we are offering all our Trimmed Hats at one-third (1-3) off, and all our untrimmed shapes at half-price. Here's a chance for everyone for a new hat without any strain on the pocket book.

A line of Great Values

White Buck Boots

Are about as comfortable hot weather footwear as money can buy, and they are very nice looking, too.

We have them for Ladies in C and D widths; they're Good-year welted, with military heels, and can be bought this year for **\$10.00**

BASEBALL SUPPLIES

BRAZIER'S NOVELTY STORE

FROM REMOTEST PARTS OF GLOBE

Tanlac Elements Come From Many Lands Far Away From Here.

The ingredients from which the celebrated medicine Tanlac is made come from remote sections of the earth, and are transported thousands of miles over land and sea to the great Tanlac Laboratories at Dayton, Ohio, and Walkerville, Canada.

The Alps, Appennines, Pyrenees, Russian-Asia, Brazil, West Indies, Rocky Mountains, Asia Minor, Persia, India, Mexico, Columbia and Peru are among the far away points from which the principal properties of this remarkable preparation are obtained.

What is said to be the largest pharmaceutical laboratory in the United States has been completed at Dayton, Ohio, for the manufacture of Tanlac which, according to recent reports, is now having the largest sale of any medicine of its kind in the world; over 20,000,000 bottles having been sold in six years.

The new plant occupies 60,000 square feet of floor space and has a daily capacity of 50,000 bottles. Uniform quality is guaranteed by a series of careful inspections by expert chemists from the time the roots, herbs, and flowers are received in the rough state from all parts of the globe until their medicinal properties have been extracted by the most approved processes. The finished medicine is then bottled, labelled and shipped out to tens of thousands of druggists throughout the United States and Canada to supply a demand never before equalled by this, or any other medicine.

FLAVELLE IS NO PROFITEER, SAYS EDWARDS

Senator in a Position to State He Made No Large Sum During War

Ottawa, June 2.—Senator W. C. Edwards, the veteran Liberal senator of Ottawa, declared in the senate yesterday that he knew what the annual profits of Sir Joseph Flavelle were, and that "only a small portion of that which he possesses was made during the war period." He announced as well that Sir Joseph's old company, "like many other companies that were supposed to be making profits during the war, lost money, especially last year, and will lose heavily this year." Sir Joseph, moreover, was not nearly one of the wealthiest men in Canada. There were two senators on the government side of the house, each of whom had wealth greater than that of Sir Joseph.

SHOULD KNOW THE FACTS

Senator Edwards brought this matter up on a question of privilege, because he considered it important for the people of Canada to know the facts concerning Sir Joseph at this juncture, when he has accepted conditionally the position of chairman of the Grand Trunk Railway for a time. There had been attacks upon him in the press and in parliament. "There are those," he continued, "in various parts of Canada, who have been misled by the allegations, which have been very improperly made, that during the war period he was a profiteer. Honorable gentlemen, I am in a position to say that such is not the case. Sir Joseph Flavelle did not profit to the extent of one dollar because of his chairmanship of the Imperial Munitions Board."

WEALTH ACQUIRED LEGITIMATELY

"It has been further suggested that he made an enormous fortune as a result of his business during the war. I am in a position to know differently. I know that such is not the case. It is true that his firm did a large volume of business, and on a small margin of profit did at that time make an exceptional amount, as did all institutions and other parts of the world; but that the fortune which he possesses was not true. I may say here that his fortune is not the enormous fortune that so many Canadians suppose it to be. He is well off, I admit, but that is a result of the fact that for many years he supported himself industriously and assiduously to the business which he managed, and like many other men in Canada and other countries, he does not enjoy the result of hard labor and close application. But he should not be singled out. He is one of the topers in Canada insofar as wealth is concerned—nothing of the kind."

HIS QUALIFICATIONS

"Some may say that Sir Joseph Flavelle, not being a railway man, is not qualified for the situation. The first qualifications necessary are: executive ability, industry and application, and I know of no man in Canada, nor have I ever known of a Canadian, whom I would as soon put at the head of the entire railway system owned by the government as Sir Joseph Flavelle. In the situation in which Canada is today, it should not be a question of party or politics. It should be a question of the man who will occupy that position (i.e., as head of the government roads). He has only accepted it conditionally. He is under a promise to his family that he will not enter into any obligations of the kind; and if Canada succeeds in getting him to accept the obligation, it will be against his will and against the will of his family."

"When I said a moment ago that the conditions about Sir Joseph Flavelle, I was about to say that if I were choosing a man to stand at the head of affairs of this country, as premier of Canada, Sir Joseph Flavelle is the man I would choose, and he is on the opposite side of politics from me. I am a Liberal, honorable gentleman, but when there is a question of principle involved I have no politics. I am for Canada first and always; and in helping to secure Sir Joseph Flavelle for that important position, I believe I am doing the strongest thing that I can possibly do to promote the interests of Canada."

PLAY AT BLACKFALDS

The play "The Sweet Girl Graduates," put on Friday evening, May 20th, by the local talent of Blackfalds, under the auspices of the Union Ladies' Aid, was unusually successful. The entire cast deserves special mention.

Miss Bessie Sorenson was exceptional as Maude, the charming and virtuous Sweet Girl, Secretary of the Graduating Class. Mrs. D. Smythe, the Sweet Girl's Mother, suffering from nervous prostration, was cleverly acted by Mrs. A. Sorenson, while Mr. A. Sorenson took the part of the indulgent father, President of the R. I. P. Railroad, in an excellent manner.

Mr. Loysen did the part of Mr. Jack Hamilton, President of the Graduating Class, and the Sweet Girl's Teacher. The audience particularly enjoyed the sarcastic remarks of Miss Matilda Hoppenberg, Maude's Aunt, "who never graduated, thank Heaven." This part was exceedingly well done by Miss Mary Farewell.

Mrs. Goodwin as Madame Stearns, the fashionable dressmaker; Miss Carmen Capron, as Valeria Reynolds, Maude's dearest friend; Miss Field, as Madame Rantum, the Musician Teacher (late of the Boston School); Miss Marie McLennan, as Katherine, the Maid; and Mr. Everett Hill, as Mr. Chinese Bulbus, the Florist, were extremely well chosen and deserve great praise, while Mr. Goodwin, as Professor Grindman, made the hit of the evening.

During the intervals between the three acts and the epilogue, the audience was entertained by selections by the stringed orchestra, and several vocal numbers.

Mrs. Fred Miller, who so capably directed the play and arranged the program, deserves a great deal of credit.

The Union Ladies' Aid served ice cream and cake after the program.

CIRCUS OWNER CLASSED AMONG GREAT EDUCATORS

Wonders of the Jungle and Desert Brought to School Children.

"Some day," declared the old schoolmaster, "circus men will come into our schools and teach such men as P. T. Barnum, James A. Bailey, Adam Forepaugh and Al. G. Barnes will be recognized and given credit as among the world's greatest educators."

"Who, for instance," went on the once great wielder of the birch rod and fear of the three important "R's," has taught the world its lesson in natural history? The circus man. "Who has not only taught us practically all we know about the fauna of our own world, but that of the jungles and deserts of the far-away tropics? The circus man."

"Who has brought to our own doors, in our very front yards, as it were, those wonderful wild beasts that range the out of the way places of the world until even when we see them, we must take the old farmer, 'there ain't any such animal?' Again the circus man."

"From whence came the now present and rapidly growing idea of being kind to animals? I'm afraid I have to fall back again on the same answer—the circus—and especially such wonderful circuses as the Al. G. Barnes Big 4-Ring Wild Animal Circus, as the billboards caption it. For there it is that we are shown what kindness and patience can do with the recalcitrant habits of the hidden forest. The receptive mind of the boy and girl realizes that if kindness can achieve the wonders they have seen in the Barnes show, especially among the wildest and most untamable of beasts, what can they accomplish with 'Old Taps' the dog, 'Prince' the pony and 'Potente' the cat? And whom have we to thank? The circus man."

"And, finally," concluded the pedagogue, as he started to ring the recess bell, calling the kiddies back to their books, "being a school master, I must prove my problem. How? Let us suppose the circus had never come to town. What would we know? How many millions of country boys and girls, and even grown-ups are there among us who never had an opportunity to visit one of the great zoological gardens of the great cities? And, if he wondering circus owner had never come among us and spread his tents, what would we have missed? Think it over when the Al. G. Barnes 4-Ring Wild Animal Circus comes to Red Deer, Friday, June 10."

THE PENHOLD & DISTRICT U.F.A. CO-OPERATIVE ASSOCIATION LIMITED, PENHOLD, ALBERTA

To our Customers: The folly of credit in connection with the sale of goods for immediate consumption is recognized by all classes at the present time. Those who sell the goods are forced to charge exorbitant prices to cover the interest on amount of credit extended, and to cover the losses accruing from "bad accounts."

The consumers on the other hand thoughtlessly abuse the privilege of obtaining goods on credit; and consequently obligate themselves beyond the prospects of recovery. As a result of this, the "Credit System" is being condemned as unfair and unjust to all concerned.

Instead of continuing to conduct our business under this old abusive method, we shall, in the future, sell our goods only for cash, and on approved thirty day credit basis. We know that under this plan our dealings will be more pleasant, and more to our mutual interest from a financial standpoint.

In view of this we solicit your hearty co-operation in adopting ourselves to a method whereby we shall own that which we hold.

Your patronage is respectfully solicited.

THE PENHOLD & DISTRICT U.F.A. CO-OPERATIVE ASSOCIATION LIMITED, PENHOLD, ALBERTA May 4, it.

GRASSHOPPERS HAVE APPEARED IN ALBERTA

Grasshoppers are reported to be at work in several parts of Southern Alberta. The cool weather of the past week has retarded the hatching process, however they have hatched in sufficient numbers in some districts to warrant the conclusion that large numbers will appear as soon as warm weather sets in. From investigations which have been made, as many as 2,000 eggs per square foot have been found, and from 80% to 85% of these eggs have hatched under artificial incubation.

The Department of Agriculture through the schools of Agriculture has organized the province into districts for the purpose of putting control measures into effect. Each school of agriculture will be responsible for its district. Men from the staff of the school and others which will be supplied by the Department, will be available to attend meetings and to give whatever information and assistance is possible in the campaign.

A good deal of damage was done to the young growing crops last season throughout the province of Saskatchewan and over a considerable area of Southern Alberta. The use of poison bait, consisting of bran, molasses and arsenic, with the addition of a small amount of salt or the juice of lemons, has proved beyond question to be entirely effective in destroying the hoppers if used early in the season. The Department has already on hand large supplies of this poison bait stored at the Schools of Agriculture, these schools being located at: Forts, Yorkton, Regina, Moose, Gleichen, Claresholm, Olds and Vermilion. This bait will be sold at cost to anyone who makes application to the nearest School of Agriculture. The bait will cost from \$20 to \$25 per ton, molasses 5% per pound and arsenic 50c per pound at point of shipment. Full information respecting the mixture, method of mixing and application may be secured by writing to one of the Schools of Agriculture.

From experience gained last year in Alberta, as well as in Manitoba and Saskatchewan, hoppers may be, entirely controlled, provided the farmers in the districts infested co-operate in the campaign of poisoning. On the other hand, very serious loss may result if the farmers generally do not use every means in their power to destroy the hoppers on their own farms. In the work which was done last year in Southern Alberta, the hoppers could be found dead in large numbers in from 12 to 20 hours after the bait had been applied.

Grasshoppers, which were seen by officials of the Department, portions of fields were entirely destroyed before the poison was applied. In some cases where two applications of the poison to the work of the hoppers had practically ceased, and in every case where the poison was properly mixed and applied early in the morning over a period of two weeks, the hoppers were completely destroyed. If the work is undertaken seriously by people in every district, the pest appears, the members of the Department are satisfied that the results of destruction from grasshoppers will not materially affect the yield of crops. Furthermore, if the campaign during the present year is effective in every part of the province, the possibility of an outbreak in 1922 will be greatly lessened. On the other hand, if efforts are not made to control the hoppers, they are allowed to hatch and develop to maturity, eggs will again be laid by the adult hoppers and in all probability will prove a menace again next year. Some parasites were noticed last year, but were not found in sufficient numbers to seriously reduce the number of hoppers.

The Department would respectfully urge upon every citizen the importance of doing everything possible to eradicate this menace. Factors such as the lack of moisture and heavy winds may reduce the yield of crops, but these are largely out of the control of human beings. In the case of grasshoppers, however, the remedy is at hand, and it is hoped that the work will be efficiently and carefully done.

H. A. Craig, Deputy Minister of Agriculture, Edmonton, June 2, 1921.

We Are Selling Cheaper Mileage

You may get extraordinary mileage out of any one tire—but that's not the way to figure mileage.

Get the average of mileage given by a pair of tires or a set—and you will get nearer to the actual cost of mileage to be charged to the upkeep of your car.

It's just because we've taken the trouble to figure values that way, that we recommend Ames Holden "Auto-Shoes."

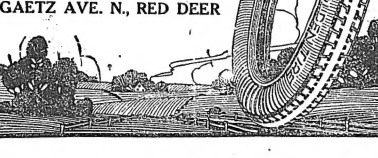

We know they are giving real mileage over the worst roads in the country and their "average" performance leaves no doubt in our minds that Ames Holden "Auto-Shoes" will give you the cheapest mileage you can buy. And they are guaranteed without time or mileage limit. Drop in and let us show you and tell you about them.

MOVEMENT TOWARDS CHURCH UNION

According to a report on Church Union, presented by a Committee, of which Sir Robert Falconer is President, there are at the present time 225 Co-operative Churches, with either a Presbyterian or Methodist minister in charge. In addition there are 150 Independent Union Churches composed principally of Presbyterians and Methodists, but not under one or the other. There are, therefore, altogether 375 Union Churches, which are in Canada at the present time practically without the sanction of their governing bodies.

This question of church union is one of the principal ones which will be taken up by the Presbyterian General Assembly which meets in the James' Square Presbyterian Church, Toronto, early in June.

It is obvious from the above figures that unless the Presbyterian General Assembly takes some action in regard to Church Union, the people will take matters into their own hands and co-operate with Methodists, Congregational and other Protestant denominations. Apparently the people will have Church Union whether the governing bodies of these churches approve of it or not. The probabilities are that the General Assembly will recognize the trend of the times and give its approval to the movement of their forthcoming meeting.

With the prorogation of parliament on Saturday last, June 4th, His Excellency, the Duke of Devonshire, Governor-General of Canada, bid farewell to the members of the Commons and Senate. Lord Julian Byng, of Viny, was officially announced Governor-General of Canada in succession to the Duke of Devonshire on June 2nd.

IMPERIAL BANK STRONG IN ASSETS

Gain of Over Nine Millions in Saving Deposits—Loans to Farmers—Economy in Public Expenditure Urged.

One of the outstanding features in connection with the financial statement of the Imperial Bank of Canada submitted to the annual meeting of the shareholders on May 25th, is the increased strength which the bank has accumulated during the fiscal year in regard to assets.

Thanks, on the one hand, to a decrease in the liabilities to the public, and on the other hand to a corresponding increase in the cash assets, the proportion of the latter to the former now stands at the substantial figure of 30 percent. Total assets attained the highest point in the history of the bank, being placed at \$123,376,612. This is an increase of \$4,566,589 or 3.8 percent in ten years and of \$106,194,069 or 43 percent in twenty years. The bank's reserve fund has increased during the same period by 39 and 265 percent respectively. The reserve fund, amounting to \$7,500,000, exceeds capital by half a million dollars.

NEW RECORD IN TOTAL DEPOSITS
Total deposits, amounting to \$93,101,111, stand as a record figure, notwithstanding a reduction in demand deposits as a result of withdrawals by the government. In this class of deposits is, however, more than counterbalanced by savings deposits being brought up to \$11,797,624 by an increase of 12.5 percent. Compared with 1911, total deposits at the close of April show an increase of \$52,620,519 or over 113 percent, and of \$83,000,355 or nearly 139 percent in twenty years.

SUBSTANTIAL PROFITS
Profits during the year amounted to the substantial sum of \$1,287,061 and again warranted the directorate, as at the close of the fiscal year 1920, in according the shareholders a bonus of 1 percent in addition to the regular dividend of 12 percent. The amount carried forward to the profit and loss account (after making the usual contributions to pension and guarantee funds, and paying \$125,000 in government taxes), was \$1,171,839, an increase in the twelve months of \$109,000.

INCREASE IN COMMERCIAL LOANS

Commercial loans, amounting to \$1,577,400, was an increase of \$150,457 for the year. As pointed out by the general manager in his annual report, "a considerable percentage of this increase has been in advances to grain dealers, grain farmers and cattlemen," which advances are described as "among the safest loans in the bank." In call loans, there was a decline of nearly \$2,000.

TIME FOR CAUTIOUS OPTIMISM
Mr. Peleg Howland, the President, paid considerable attention to Canada's economic situation. Being a man of wide and large business experience, his remarks bear weight. He said that reports received from the branch managers of the bank, covering six of the nine provinces, indicated considerable progress was being made towards a lower and sounder basis of business. How long the present adverse trade conditions would last he could not say. But while fearing that it may be a long time, he finally made this a long time, for cautious optimism. Gradually, matters will adjust themselves, and when they do, there will come to us an era of prosperity such as we have never experienced before.

TEACHERS' CONTRACTS

To the Editor of The News.
Dear Sir—

A few months ago a furious struggle raged between the Minister of Education and the teachers' union of province regarding Clause Five in the Agreement Between Teachers and Teachers' Union. The clause in question referred to the dismissal of the teacher by the School Board. After carefully comparing the two points of view, we irresistibly come to the following conclusions:

(1) The School Board and the Alliance clause empower the teacher to resign at any time whatever with or without notice, by giving the School Board "thirty (30) days' notice in writing."

(2) Moreover both clauses enable the teachers of the cities and towns and of many of the villages to employ a lawyer to present his side of the case to the Board whenever "there is trouble."

(3) The Alliance Clause Five extends this privilege to the teacher of the one-roomed rural school, but the Departmental Clause Five withholds from her a privilege which is accorded to others.

(4) The Alliance Clause Five permits the teacher to employ a representative of the Alliance instead of a lawyer, but the Departmental Clause Five insists on the lawyer and does not countenance a representative of the teachers' provincial organization.

(5) The Departmental Clause Five enables the Board to discharge the teacher first, (sentence first-trial at trial), and then, if the teacher demands it, require them to call a meeting for the purpose of discussing the Board's reasons for firing him. The Alliance Clause Five demands that the teacher be given a hearing before being discharged, (trial first sentence if any afterwards).

It is my humble opinion that both the Department and Alliance are right with respect to the second point. Regarding the first point, they are both wrong; and the Alliance is in the right and the Department is in the wrong with respect to points three, four and five.

By the way, the present Minister succeeded in putting through an amendment to the School Ordinance during the recent session of the Legislature which really places the Alliance Clause Five at the mercy of the Minister of Education.

In order that any reader who wishes may compare the two clauses for himself, we are quoting them in extenso below. Remember the word "ratepayer" as used in the Minister's Clause Five really spells "lawyer" in the case of the towns and cities, because a lawyer can readily be found who is a ratepayer in such districts. Remember also that in the Alliance Clause Five the word "agent" really spells "representative of the Alliance," who may or may not be a lawyer; in fact, it is very unlikely that the Alliance representative would ever be a lawyer.

(b) Five (5) days' notice in writing shall be given the Teacher at such meeting and the Teacher, accompanied by some ratepayer, or member of his immediate family shall have the right to appear at the said meeting and to discuss the reasons for which the Board may desire to terminate this Agreement.

(c) At the conclusion of the said meeting the Board may either continue or rescind its previous action. In giving notice of termination of this Agreement, if the Board confirms its previous action in giving said notice then this Agreement shall be fully determined and ended in Thirty (30) days after the date when the Teacher has been notified in writing of such confirmation.

ALLIANCE CLAUSE FIVE
(a) Subject to the provisions hereinafter contained, either party may terminate this agreement by giving at least thirty days' notice in writing, specifying the date of such termination, to the other party of his or its intention so to do.

(b) Such a notice shall not be given by a board, or if given shall be ineffective unless and until the Board shall have first held a meeting for the purpose of discussing the subject of any complaint against the teacher and shall have given full opportunity to the teacher by himself or his agent to attend the meeting and discuss with the board the subject of complaint and to adduce before the board such evidence as he may be advised relating thereto.

(c) Such notice of meeting shall be served upon the teacher personally or mailed to him by prepaid registered letter, and the teacher shall be known post office in the district in sufficient time to reach such post office in due course of mail at least ten days prior to the date of the meeting.

(d) Such notice shall state that in the event of the teacher by himself or his agent failing to attend the said meeting this agreement shall be terminated at the expiration of thirty days from the date fixed by the notice for the said meeting and upon such failure to attend this agreement shall be terminated accordingly without further notice.

(e) IT IS FURTHER AGREED that except in cases where immediate action is required in order to keep the school in operation no teacher shall not be suspended or dismissed for any of the causes specified in Section 318 of "The School Ordinance" unless and until the board shall have first held a meeting for the purpose of discussing the subject of complaint against the teacher and shall have given full opportunity to the teacher by himself or his agent to attend the meeting and discuss with the board the subject of complaint and to adduce before the board such evidence as he may be advised relating thereto.

Respectfully submitted,
(Sgd.) COLIN B. FAULKNER,
Bentley, Alta.

EXAMINER'S REVIEW OF PROVINCIAL MARKETS

Calgary, June 2.

Cattle—Fat steers are the hard sellers at Calgary now, and prices are down a quarter on them, quoted \$5.50 to \$7.25; good, \$6.00 to \$7.50; medium, \$5.00 to \$6.00; common, \$4.50 to \$5.00. Choice cows 25c off, at \$5.25 to \$5.75; good, \$4.75 to \$5.25; medium, \$4.25 to \$4.75; common, \$3.75 to \$4.25. Canners, \$1.50 to \$3.00. Bulls are showing considerable spread from \$2.00 to \$4.00. Butcher's fat steers, \$6.00 to \$6.25, and it takes good ones to beat \$4.00; choice veal will bring \$10.00. Stock and feeders seem cheap, with feeders \$5.25 to \$5.75; stockers, \$4.00 to \$5.00. Stocker heifers, \$4.00 to \$4.75; stocker cows, \$3.00 to \$5.00.

Beef prices are somewhat erratic during the past week, quoted Edmonton and sales show a decline in all beef. Choice steers, \$5.50 to \$7.00; good, \$5.00 to \$5.50; medium, \$4.50 to \$5.00; common, \$4.00 to \$4.50. Choice cows, \$5.25 to \$5.75; good, \$4.50 to \$5.00; medium, \$4.00 to \$4.50; common, \$3.50 to \$4.00. Canners, \$1.50 to \$3.00. Calves \$2.00 to \$2.50; canners, \$2.00 to \$2.50. Stockers and feeders not moving freely and feeders lower, \$3.50 to \$4.25. Stocker heifers and cows also lower, former \$2.50 to \$4.00; cows, \$3.00 to \$4.00.

Hogs—Prices at Calgary have been slipping all week, and most of the sales Wednesday and Thursday at 29; arrivals this morning were only moderate, and the price on today's sales was \$29.00 to \$29.25.

Hogs working lower during the week at Edmonton, and last sales have been at \$27.75.

Sheep—Very few butcher sheep arriving at Calgary, quoted Edmonton \$8.00; ewes, \$5.50 to \$7.00; lambs around \$10.00.

In order that any reader who wishes may compare the two clauses for himself, we are quoting them in extenso below. Remember the word "ratepayer" as used in the Minister's Clause Five really spells "lawyer" in the case of the towns and cities, because a lawyer can readily be found who is a ratepayer in such districts. Remember also that in the Alliance Clause Five the word "agent" really spells "representative of the Alliance," who may or may not be a lawyer; in fact, it is very unlikely that the Alliance representative would ever be a lawyer.

Minister's Clause Five
(a) Either party hereto may terminate this Agreement by giving Thirty (30) days' notice in writing to the other party.
Provided, however, that if the teacher wishes to terminate this agreement, he shall first hold a meeting for the purpose of discussing the subject of any complaint against the teacher and shall have given full opportunity to the teacher by himself or his agent to attend the meeting and discuss with the board the subject of complaint and to adduce before the board such evidence as he may be advised relating thereto.

Notice to Ratepayers

In accordance with the terms of the Municipal Hospitals Act, Petitions were received by the Minister of Health at Edmonton, asking for the creation of a Municipal Hospital District, including the territory described below:

Complying with these petitions, the Minister of Health established the Red Deer Municipal Hospital District on April 11th, 1921. Following the establishment of the District, the Municipal Council in the said District, in accordance with the terms of the Act, duly appointed a Hospital Board, to prepare a scheme for the building and operating of hospitals in the said District.

The Hospital Board met and prepared the scheme outlined below. This scheme is now under the direction of the Minister of Health, to be advertised throughout the said District for a period of fourteen days, following which, providing all other conditions have been complied with, the scheme will be finally approved and a date fixed not exceeding thirty days from the date of such approval, upon which the ratepayers of the said district will be called upon to vote for the adoption or rejection of the said scheme. The territory included in the hospital district is as follows:

ALL OF MUNICIPAL DISTRICT NO. 343.

ALL OF MUNICIPAL DISTRICT NO. 339, excepting Township 35, Range 25.

THAT PART OF MUNICIPAL DISTRICT NO. 340, being Sections 13 to 35 inclusive in Township 36, Range 27.

ALL OF MUNICIPAL DISTRICT NO. 401.

ALL OF IMPROVEMENT DISTRICT NO. 403.

THAT PART OF MUNICIPAL DISTRICT NO. 339, being Township 39, Ranges 27 and 28 lying south of Blindman River.

ALL OF MUNICIPAL DISTRICT NO. 371, excepting Sections 1 to 12 inclusive in Township 37, Range 28, West of the 4th Mer., and Ranges 1, 2 and 3, West of the 5th Meridian.

ALL OF MUNICIPAL DISTRICT NO. 338.

THAT PART OF MUNICIPAL DISTRICT NO. 400, being Sections 1 to 24 inclusive in Township 39, Range 1, West of the 4th Meridian; Sections 25 to 36, Range 2, excepting Sections 25, 26, 27, 34, 35 and 36; all of Township 39, Range 3; all of Township 40, Range 3, excepting Sections 25 and 36; Sections 4 to 9 and 10 to 18, Township 40, Range 2; Sections 4 to 9, 10 to 18, Township 41, Range 2.

ALL OF MUNICIPAL DISTRICT NO. 342.

THAT PART OF MUNICIPAL DISTRICT NO. 338, being Township 38, Ranges 23 and 24 lying North and West of Red Deer River; Sections 1 to 12 inclusive, in Township 39, Range 23 and 24.

ALL OF IMPROVEMENT DISTRICT NO. 403.

ALL OF IMPROVEMENT DISTRICT NO. 344.

ALL OF IMPROVEMENT DISTRICT NO. 374.

CITY OF RED DEER.

VILLAGE OF SYLVAN LAKE.

VILLAGE OF DELBURN.

VILLAGE OF PENHOLD.

VILLAGE OF ROCKY MOUNTAIN HOUSE.

1. The Board to take over the present Memorial Hospital of the City of Red Deer, together with five acres of land, with perpetual easement of right of way, subject to the approval of the Minister of Health.

2. To erect and equip three eight-bed sub-hospitals, government plan basis, with operating room and all necessary appliances.

3. The Board to accept free sites of not less than two acres for the sub-hospitals to be located at Rocky Mountain House, Delburne and Eckville, or to purchase a site or sites not to exceed in cost seven hundred dollars.

4. To alter, improve, and further equip the main hospital at the City of Red Deer, providing adequate accommodation and appliances for maternity cases and also suitable quarters for the staff.

5. To supplement the revenue derived from taxation by a schedule of fees as under:

(a) To persons liable for hospital taxation under any Municipal Act and dependent members of his or her family, \$1.00 per hospital day.

(b) Resident persons not liable for hospital taxation under any Municipal Act, upon the payment of not less than \$6.00 on or before a day of February in each succeeding year, provided that such payment shall be made within not less than fifteen days prior to such person, resolving treatment if such treatment is given prior to the first day of February in each subsequent year. Provided further that upon the payment of the sum of not less than \$5.00 by the head of any family, said family shall receive from the Hospital Board service at the rate of one dollar per hospital day for each member of said family obtaining hospital service.

(c) Operating room free to persons liable for hospital taxes under any Municipal Act and to persons complying with the provisions of Section "b."

(d) Hospital fees to all others shall not be less than \$4.50 per hospital day, with an additional fee for the use of the operating room as follows: Minor operations, \$5.00; Major operations, \$10.00.

6. To create a debenture indebtedness of \$50,000.00 20-year 7% debentures for the purpose of rebuilding and equipping the main hospital at the City of Red Deer and erecting and equipping the three sub-hospitals located at Delburne, Eckville and Rocky Mountain House.

7. To repay such debentures in equal annual payments of principal with accrued interest or equal annual payments of principal and interest combined.

8. As provided by section 16, subsection 3, of the Act, no taxed person in any city or village within the Hospital Board shall receive any other hospital service at the minimum rate of \$1.00 per day unless upon a date to be determined by the Board, he or she pays the sum of money to the Board, which, together with the sum payable by such person as hospital taxation for that year, is equivalent to the sum of \$5.00.

M. D. RAVEN NO. 342

Meeting of Council of Municipal District of Raven, No. 342, held at Stauffer, May 7th, 1921.
Present, Messrs. Shaw, Adams, Taylor, Phillips, McNair and Roper.
Moved by Mr. Taylor, that the minutes of previous meeting be read, approved.
Carried.
Moved by Mr. Phillips, that the following bills be paid: United Grain Growers, drag scraper, \$44.50; Gazette Print, assessment forms, \$8.00.
Moved by Mr. Shaw, that a diversion be made for road allowance through the N. 1/2 Sec. 26-37-6-5, and from the South-east to the North-west of 25-37-6-5. Carried.
Moved by Mr. Taylor, that Mr. Shaw be allowed to expend \$500.00 on Stauffer to Alhambra Trail. Carried.
Moved by Mr. Shaw, that Mr. Adams be allowed to expend \$500.00 on Raven to Hespero Trail. Carried.
Moved by Mr. Phillips, that the diversion made for a road through S.V. 32-4-5 be cancelled. Carried.
A bill was presented from the Red Deer Memorial Hospital re treatment of patients supposed to be ratepayers of this District. The secretary was instructed to point out to the Hospital Board that Miss Popeck was not a resident of this District, also A. P. Gowan of Haven, and as further require just where the Board assumed this Council was responsible for payment of patients' bills.
Moved by Mr. McNell, that the secretary request Nurse Eastman of Condon to forward him all outstanding accounts, due her by ratepayers of this District for services rendered. On receipt of same the secretary was instructed to make every effort possible to have these accounts paid. Carried.
Moved by Mr. Taylor, that the Municipal tax rate be fixed at 3 mills for the year 1921. Carried.
Moved by Mr. Taylor, that a diversion be made for a road through N.W. 7-38-6-5. Carried.
This terminated the meeting.
J. E. H. McCabe, Sec. Treas.

FOOTBALL LEAGUE

The executive of the City Football League met in the fire hall Friday evening. The following schedule was drawn up for the three teams, City, Firemen and G.W.V.A.:

Wed., June 8—City vs. G.W.V.A.
Mon., June 13—Firemen vs. G.W.V.A.
Wed., June 15—City vs. Firemen.
Fri., June 17—G.W.V.A. vs. City.
Mon., June 20—G.W.V.A. vs. Firemen.
Fri., June 24—Firemen vs. City.
Mon., June 27—City vs. G.W.V.A.

All games at 7 p.m. sharp at the exhibition grounds.

SPORT NOTES.

WETASKIWIN HERE TODAY WETASKIWIN WON,

YES, BUT—

Wetaskiwin baseball team are due here to play the home team at five o'clock this afternoon. This should be a good game. In view of the fact that Godfrey pitched against Ponoka, Monday night, the southpaw, Butchart, will probably start for the visitors on the mound. Peterson will disperse for the home crew.
Let's all go and root for the boys. They are playing good ball and deserve the best support.

NEW GOLF COURSE

The following letter from Bob Smith, the Calgary golf professional, who spent a few days in the city recently, has been handed to The News by J. R. McClure, President of the Golf Club. This shows what a beautiful layout the proposed new course will have, one that Red Deer can be justly proud of.

Calgary, Alta., May 30th, 1921.
To the President,
Red Deer Golf Club,
Red Deer, Alberta.

Dear Sir,—
Regarding my recent visit to your city, I wish to report on the proposed golf course which I staked out. I have laid out a great many golf courses, and in my opinion yours is the ground and situation for one of the finest golf courses in Canada.
Your first hole, as staked by me, will extend approximately 295 yards, your fairway being guarded on either side by trees.

Your second hole is a full iron shot, about 185 yards; the green, as staked, is protected by trees to trap any wild shot.

The third hole, about 315 yards, going towards the fence, will be quite a sporting hole. You will require to clear shrub on this fairway as I pointed out to your committee while on the ground.

Your fourth hole, extending to the far corner of the fence, about 335 yards in length, is quite clear of any shrub. This will make a splendid tee shot hole. When clearing the shrub on this fairway please remember to leave part of it guarding both sides of the green as hazards.

The fifth hole will be one of the finest holes on the course. Driving towards the river, through a neck protected on both sides by trees, you reach a plateau, from where, playing a good second, one has to carry another ridge to reach the green on the valley. This hole is approximately 400 yards in length.

Playing to the sixth, a pretty one shot hole of 175 yards, one will have to carry all the way to this green, as the tee is guarded by a natural bunker and any topped shot will be badly punished.

From the sixth green you will blaze a trail through the woods to the seventh tee. This tee is very pretty situated, and I suggest that you have a seat placed there. Playing down to the seventh green, you will require to cut away a few of the trees on the right hand side. The length of this hole is about 330 yards.

The eighth hole is right along the flat, a distance of about 375 yards. The ninth and home hole, distance 395 yards, can be played as a dog's leg hole or if you wish to make a clearing through the trees. This will open up a view to the club house and make it a straight hole.

In the meantime it would be advisable to sink your greens the same as you have done in your present course, but with your water facilities surrounding your course you will have no difficulty whatever you are in a position to pipe every green at a very little expense, enabling you to have grass greens.

This in itself will be an added attraction, making your course one of the very few in Western Canada that can boast of having a thoroughly up-to-date golf course.

Any further information or suggestions you wish me to make, please let me know, and I shall be very pleased to help you in every way I can.

Yours faithfully,
BOB SMITH.

CENTRAL ALBERTA LEAGUE

Infallible has withdrawn from the Central Alberta League. It seemed to be a case of professional battery or nothing with them, and the league of the League refused to stand for it.

A new schedule is being drafted, and it is proposed that the three teams, Wetaskiwin, Ponoka and Red Deer will play the season. Three league games will be played each week, giving each team a game at home and one away when the season gets properly started. On account of the distance, Wetaskiwin vs. Red Deer games will likely be played on Wednesdays, the other fixtures being on Mondays and Fridays.

No decision has been made in regard to the protested game with Wetaskiwin, nor whether the games that have been played will count in reconstructed League results.

SPORTLETS

The football game scheduled for Monday night failed to materialize. What's the matter? Too much "Shepherd of the Hills"?

A circus, and a ball game with minstrel, all in one day. We're getting more like New York all the time.

A fan has no excuse to be a cheap sport just because the management of the ball game are forced to advertise a collection instead of the regular 15 cent admission.

Nelson has been nursing a sore side as a result of his spectacular dive for 3rd last Wednesday night. Wetaskiwin, but he is ready to go again now.

RED DEER VS. ECKVILLE

We were treated to a very good game of ball Friday evening, when the Eckville team met the home aggregation on the exhibition grounds. It is probable that a team like Eckville should not be able to mix in the Central Alberta League. There are a couple of good outfielders on that team that save an exceptionally good account of themselves in this game. Walker pitched a very good game, keeping the hits well scattered. Peterson made a remarkable fielding record for the home team, having no less than 15 assists chalked up. Let us credit. Pete's arm gave him some trouble in this game, and he did not exert himself as much as usual, but he was a terror to bunters, in which Eckville specialized. Pete seemed to cover the whole infield. Peterson also struck out 10 men as compared with Walker's 2.

As usual, Sorenson put up a good game behind the bat and got under some high fouls in good shape. Greider worked well on 1st, on the whole. He had a narrow escape from being badly spiked, his shoe being practically torn off at one stage of the game.

Geo. Elly officiated satisfactorily, and there was a very good attendance of fans for an exhibition game. Eckville secured single tallies in the 2nd and 4th, but Red Deer tied in the 5th, and secured a majority in the 6th. Butchart started for the home team, but the Eckville pitcher, Percival, was the man of the game, hitting the Eckville pitcher, Greider, in the 2nd, and scoring two runs. The Eckville pitcher, Percival, was the man of the game, hitting the Eckville pitcher, Greider, in the 2nd, and scoring two runs.

Score by innings—
Eckville 0 1 0 0 0 0 1—3
Red Deer 0 0 0 0 0 0 4—4
"Two men out when winning run was scored."
Summary: 2 base hits, Sorenson hit. Base hits, off Peterson 6, off Greider 2. Left on bases, Red Deer 7, Eckville 5. Bases on balls, off Peterson 1, off Walker 1. Strike outs, by Peterson 10, by Greider 5. Bases, Sorenson 2, Cummerford. Wild pitch, Peterson. Hit by pitcher, Johnson (Eckville).
Umpire, G. Elly.

Score by innings—
Red Deer 0 0 0 0 0 0 4—4
Eckville 0 0 0 0 0 0 1—1

Three base hits—Nelson, Fadden, Harvey.
Hits—Off Peterson, 9 in 8 innings; off Butchart, 7 in 6 innings; off Godfrey, 3 in 3 innings.
Bases on Balls—Off Peterson 6.
Strikeouts—By Peterson 14; by Butchart 7; by Godfrey 4.
First base on errors—Red Deer 4; Wetaskiwin 1.
Umpire—McEachern.

WETASKIWIN VS. PONOKA
In a very good exhibition of ball Monday night, Wetaskiwin succeeded in coping the long end of an 8 to 4 score in the league fixture with Ponoka at the southern town. Ponoka lost largely on account of costly errors in the 2nd and 3rd innings, whereas Wetaskiwin did good, clean fielding.

The score by innings was as follows:—
Wetaskiwin 0 1 3 2 0 1 10—8
Ponoka 0 0 0 0 0 3 10—4
Batters—Godfrey and Campbell; Mullins and Ford.

Struck out by Mullins, 11; by Godfrey, 9.
Umpires, Bush and LaFrance.

CHEWING GUM COSTS MORE THAN FORESTRY
(Canadian Forestry Journal)
To any Canadian who protests that the allotments of money for forest protection by any government or private interest appear excessive, let him consider some of the bills the Canadian people cheerily pay for their everyday luxuries.

As against \$175,000, which is the total spent on forest protection throughout the Dominion in even a year of serious conflagrations, place the following annual expenditures supplied to the Canadian Forestry Magazine by the Canadian Bureau of Statistics:

Candy \$50,000,000
Cigars, cigarettes and Tobacco 61,000,000
Soft drinks 25,700,000
Jewellery 5,300,000
Chewing gum 3,658,000

We spend on face powder and perfume, \$1,000,000. The bill for ice cream cones for juvenile Canadians is larger than the total amount spent on all forms of forest protection and forestry in the province of Ontario.

The national bill for cigarettes alone is over \$22,000,000, and for cigars over \$12,000,000.

When any complaint is heard that the nation is paying too much for the maintenance of forestry branches, let it be considered that all such expenses taken together barely come up to the national outlay for the single item of chewing gum.

**THE SMALLEST LIVING
THING ON EARTH**

Everyone knows nowadays about
the bacteria, some of which cause
disease, and which are so small that
they are invisible. My through the most pow-
erful microscope.

It is not so well known that there
exist living creatures still smaller
than these; so small in fact that they
have never been seen at all and prob-
ably never will be.

The smallest thing which can be
seen under a microscope is about one
thousandth of a millimeter, about one
four-hundredth-thousandth of an
inch, in diameter. About one hundred
million of these smallest visible crea-
tures could rest comfortably on the
head of a pin—nearly as many as
there are people in the United States.
These are the visible ones. The invis-
ible ones are, of course, much smaller,
but how much smaller nobody knows
with any exactness.

ARE THEY REAL?

Right here, probably, some skeptic
will inquire how, since these things
are invisible, we know anything about
them. Are they real, or are they
merely a myth of the scientists? They
are very real, and though we cannot
see them their existence is beyond
question.

The method by which bacteriolo-
gists have discovered them and in-
vestigated their nature depends upon
the use of special filters. Everyone
is familiar with the filtering of cloudy
liquids through paper or cloth. The
suspended solid particles are retained
by the paper but the liquid itself runs
through the very small holes in the
paper and comes out clear. Scientists
have many kinds of filters and some
of these can be prepared with holes
so small as to catch even the
smallest of the visible bacteria, allow-
ing the liquid to come through bac-
teria-free.

Suppose now that we are dealing
with a disease which is suspected of
being caused by invisible bacteria.
The foot-and-mouth disease of cattle
is one. We know that this disease
can be transmitted from a sick to a
healthy animal by means of the wat-
ery fluid which forms the blisters
characteristic of the disease.

We take this fluid and filter it, so
that the visible bacteria remain be-
hind. It still produces the disease when
injected into healthy animals. Fur-
thermore these new animals develop
the typical disease, not merely an
illness which might be due to some-
thing poisonous in the fluid.

These facts cannot be explained
otherwise than as the result of living
creatures, probably much like ordi-
nary bacteria, which are small enough
to pass through the filters and too
small to be seen at all. What their
actual size is, we do not know.

**THE ASCENT AND
COLLAPSE OF NATIONS**

"Empires rise at the heart. I hate
to admit it, but it seems to me that
some of the things I have seen in
England are very much like the
phenomenon of rot. I hope to God
that you, 4n Canada will sympathize
with us, for it is here that the hope
of the British Empire lies," declared Dr.
C. S. Saleeby of London, England, ad-
dressing a meeting of the Association
of Public Health Convention in Toron-
to. The doctor, who is a recognized
authority, gave an address on hygiene
and public health. He made a
strong plea that the people of the
Dominion should give more attention
to the health of the future generation
than is being given in England. In
his address he declared that the racial
poison was due to alcohol, venereal
disease and chronic malaria.

"History has shown us," he went
on, "that new nations, with strong
hearts and clean morals, rise up and
do great things, even to the defeat
of their enemies, and then, when they
become surfeited with power, they
drift into evil living, and in the end
they go down into dust. The story of
Asia and Europe is full of that. His-
tory, with all its volumes, has but
one page. It is the story of the as-
cent and collapse of nations, with
them all going down into the mire of
time."

France, it is going that way. Britain
has been in the same way, and the
explanation of these collapses
seems to be that something in the
quality of the people declines. For he
has convinced that the Romans who
lost the Roman Empire were not the
class of Romans who made it. So when
we have the knowledge that these
racial poisons exist, we have at the
same time the warning that they
must be fought if this age is not to
drift into the ruin which it is so easy
to achieve. There are so many causes
for the fall of a nation that it is im-
possible to say at a time that the
cities, grows worn out; it may be that

LIVE STOCK

On account of warm weather and
plethora of moisture, the grass has had
a splendid start. Live stock condi-
tioned through the winter in splendid con-
dition and are making rapid progress.

James McCaig, Crop Statistician.

**THE ASCENT AND
COLLAPSE OF NATIONS**

"Empires rise at the heart. I hate
to admit it, but it seems to me that
some of the things I have seen in
England are very much like the
phenomenon of rot. I hope to God
that you, 4n Canada will sympathize
with us, for it is here that the hope
of the British Empire lies," declared Dr.
C. S. Saleeby of London, England, ad-
dressing a meeting of the Association
of Public Health Convention in Toron-
to. The doctor, who is a recognized
authority, gave an address on hygiene
and public health. He made a
strong plea that the people of the
Dominion should give more attention
to the health of the future generation
than is being given in England. In
his address he declared that the racial
poison was due to alcohol, venereal
disease and chronic malaria.

"History has shown us," he went
on, "that new nations, with strong
hearts and clean morals, rise up and
do great things, even to the defeat
of their enemies, and then, when they
become surfeited with power, they
drift into evil living, and in the end
they go down into dust. The story of
Asia and Europe is full of that. His-
tory, with all its volumes, has but
one page. It is the story of the as-
cent and collapse of nations, with
them all going down into the mire of
time."

France, it is going that way. Britain
has been in the same way, and the
explanation of these collapses
seems to be that something in the
quality of the people declines. For he
has convinced that the Romans who
lost the Roman Empire were not the
class of Romans who made it. So when
we have the knowledge that these
racial poisons exist, we have at the
same time the warning that they
must be fought if this age is not to
drift into the ruin which it is so easy
to achieve. There are so many causes
for the fall of a nation that it is im-
possible to say at a time that the
cities, grows worn out; it may be that

LIVE STOCK

On account of warm weather and
plethora of moisture, the grass has had
a splendid start. Live stock condi-
tioned through the winter in splendid con-
dition and are making rapid progress.

James McCaig, Crop Statistician.

Imperial Bank of Canada**Forty-Sixth Annual Meeting of Shareholders**

The Forty-Sixth Annual Meeting of the Imperial Bank of Canada
was held in pursuance of the terms of the Charter at the Head Office in
Toronto, on Wednesday, 26th May, 1921, at 11 o'clock.

THE REPORT

The Directors have pleasure in presenting to the Shareholders the Forty-
sixth Annual Report and Balance Sheet of the affairs of the Bank on 30th
April, 1921, together with Statement of Profit and Loss Account, showing the
result of the operations for the year.

The balance at credit of Profit and Loss Account brought forward
from last year was \$1,062,278.04
Net profits for the year, after deducting charges of management,
auditors' fees and interest due depositors, and after making
provision for bad and doubtful debts and for rebate on bills
under discount, amounted to 1,287,061.56
Making a total at credit of Profit and Loss Account \$2,349,339.60

This amount has been appropriated as follows:

Dividends at the rate of 12% per annum	840,000.00
Special bonus of 1% for the year	70,000.00
Annual contribution to Officers' Pension and Guarantee Funds	42,500.00
Special Contribution to Pension Fund	100,000.00
Dominion Government Taxes	125,000.00
Balance of Account carried forward	1,271,839.60

AMBULANCE

LOCAL NEWS

Wetaskiwin ball team play here at 5 p.m. today.

J. Arthur Carswell returned from Camp Borden yesterday.

Saturday night dance at the Armouries, next Saturday, June 11th, and also on the 25th.

Senator Michener is expected to arrive in the city today. The session closed in Ottawa on Saturday.

The W. A. of St. Luke's church will hold a ten cent tea, sale of home cooking, ice cream and candy on Saturday, June 11th, from 3 to 6, in the vacant store west of the Windsor, on 1st Street S. W.

The Red Deer Dairy Products Co., Ltd., made over 7000 pounds of butter at their plant last week, in addition to the large amount of ice cream manufactured and the quantity of milk and cream sold locally.

The members of the Order of the Eastern Star will hold a cafeteria tea, sale of home cooking and sale of work at the home of Mrs. Ernest M. Smith, Fourth Street North, on Thursday, June 9th, from 3 to 6 o'clock. Don't forget the date. Everybody welcome.

Mrs. A. C. Eby and children returned Friday from Dewey, B.C., where they spent two weeks with Mrs. Eby's sister, Mrs. E. Bushaw. They are leaving next week to spend the summer in Ontario.

The regular monthly meeting of Poplar Grove U.P.W.A. will be held at the home of Mrs. T. J. T. on Wednesday, June 10th, at 2:30. All members are kindly requested to attend. Special business will be to make arrangements for the annual picnic.

F. E. Loebe, Sr., who arrived from Washington a few weeks ago to visit his son Fred, owing to ill health, has recovered nicely under the beneficial influence of Sunny Alberta air. As one of the old timers of this district, he has a soft spot in his heart for old Red Deer, and was glad to see all his old friends again.

We note by the Edmonton Bulletin of Friday last that Miss Marion Munro of the Red Deer teaching staff has been appointed to the Edmonton teaching staff at a salary of \$1200 a year. Miss Lela B. Houston, of Red Deer, has also been appointed to the Edmonton staff at a salary of \$1200. Duties of both young ladies begin September 6th.

BENTLEY BOY IS MISSING

Fred Baumbach, a 14-year-old boy living with his brother, Albert, and 2 miles north of Bentley, has been missing since last Tuesday night. He left on horseback get the cows and had to ford the Blindman river. He was seen on the other side of the river that same evening. No trace of the boy has been found. Since that time, although the horse he was riding came back home next morning, the A. P. Police were notified, and Detective Scott proceeded to the scene. They searched the river with "no success." The whole affair remains as a mystery; it is thought, however, that the boy may have run away, and a "missing" circular has been issued. The boy has brown hair and is medium sized. When last seen he wore black overalls, a blue shirt and an old brown hat; he was barefooted.

SPRINGVALE NOTES

The regular meeting of the Springvale U.P.A. will be held Friday evening, June 17th. Mrs. Price, the district organizer, will address the meeting. The committee in charge have taken great trouble to make the evening an interesting meeting, and appreciate a large turnout. The meeting takes place in the school at 8.30. Everybody welcome.

ELECTION OF OFFICERS

The annual election of officers of Kenilworth Lodge, No. 29, A. F. & A. M., will be held at Masonic hall on Thursday, June 2nd, as follows:
 W.M.—Bro. H. McLevin.
 S.W.—Bro. C. Anderson.
 J.W.—Bro. C. Sinclair.
 Treasurer—Bro. J. Malcolm.
 Secretary—Bro. P. Galbraith.
 Tyler—Bro. J. Skene.
 The installation will take place in the Masonic hall on the evening of Friday, June 24th, when there will no doubt be a large attendance of members of the Lodge and visiting brethren.

WILL DO SEWING BY THE DAY.
